Sub: Submission of Compliance of Academic Audit Report (Session: 2024-2025)

Sir/ Madam

This is with reference to the observations, deficiencies, and recommendations made by the esteemed members of the Academic Audit Committee during the Academic Audit conducted on 28/11/2025 for the Academic Session 2024–2025. In this regard, we hereby submit the compliance report as under:

• Regarding Point No. 1:

The Committee recommended strengthening the Student Grievance Redressal Mechanism. The College has a well-established Grievance Redressal Mechanism, duly constituted as per the Clause 3(ii)(d) of Statute 24 of University's advisory. A Grievance Redressal Committee has been formed in accordance with the prescribed norms. In addition, the College engages the services of a medical practitioner, psychologist, and professional student counsellor from time to time to address students' concerns effectively, keeping in view their welfare and overall well-being.

• Regarding Point No. 2:

The Committee recommended strengthening the research culture in the institution. The College promotes a research-oriented environment by providing full support to faculty members in the form of on-duty leave and TA/DA for participation in research activities outside the campus. Further, faculty members are encouraged to publish their research papers in the College's annual publications, including journals and conference proceedings, without any publication charges.

• Regarding Point No. 3:

The Committee recommended organizing more skill development programmes and co-curricular activities. The College regularly conducts skill enhancement programmes, workshops, and co-curricular activities and continues to increase such initiatives to ensure the holistic development of students.

- **Regarding Point No. 4:**

The Committee recommended improvement in student placements with average package. The College has a duly constituted Placement Cell and is making continuous efforts to enhance placement opportunities and improve the average salary package of students.

Over and above, the College remains committed to continuous improvement and adherence to quality benchmarks, and assure the University of its sincere efforts in providing quality education for the holistic development of students.

Thanks & Regards
